

Certificate of the standard from taken components

Aquaspin from Ipsheim Germany, distributes drinking water systems worldwide. The systems are optimized and followers of the Weber Bioenergie systems. These systems have been established in Germany and worldwide for the past few years, and the individual components have been tested by DVGW, TZW Karlsruhe, Fresenius Institute and other locations.

The Aquaspin company is the distributor for all Weber Bioenergie systems and technologies from 1. October 2015.

The following elements/components are applicable by German standards for the usage in the drinking water sector without any known negative consequences:

- Aquaspin water activator 1/2 inch PVC,
- Aquaspin water activator 3/4 inch PVC,
- Aquaspin water activator 1 inch PVC,
- Aquaspin water activator 1 1/2 inch PVC,
- Aquaspin water activator 2 inch PVC,
- Aquaspin water activator 1/2 inch stainless steel,
- Aquaspin water activator 3/4 inch stainless steel,
- Aquaspin water activator 1 inch stainless steel,
- Aquaspin water activator 1 1/2 inch stainless steel,
- Aquaspin water activator 2 inch stainless steel,
- Aquaspin water activator 3 inch stainless steel,
- Aquaspin water activator 4 inch stainless steel,
- Polyamid -6 bzw. -6.6, Farbe nature, Verwirbelungsschnecke PUM
